## AS-X1 Aqua Mask Overspray Maskant

AS-X1 Aqua Mask is a water based masking agent that replaces the need to mask off with paper and tape, therefore saving time and money in the painting process.

### Application

Can be sprayed with any conventional or HVLP gun. Apply one medium wet coat, an additional coat may be applied after a five minute flash if full coverage is not achieved in the first coat. Material will dry to a transparent, tack free film. Let product dry for at least 20 minutes at 75°F. And 50% RH before exposing to overspray. For removal, simply rinse with water and sponge or pressure wash if desired.

### Thinning

Not recommended.

### Removal

Use water and sponge or pressure wash to remove.

### Cleanup and Disposal

This is a water based product so clean up tools and equipment with soap and water.
